Alex and his team have been amazing. Despite the terrible lock down they have managed my properties perfectly and kept in constant touch. I would thoroughly recommend.

EMBRACING TECHNOLOGY

With government guidance on COVID-19 restrictions, more than ever, you need an agent who is technology savvy.

- ✓ Property virtual tours mean more tenant viewings – including potential tenants with at risk or with health conditions as well as from outside the area, even from overseas. This leads to quicker lets.
- ✓ We'll take professional pictures and record a walk-through virtual tour video of your property in readiness for viewings.
- ✓ Virtual viewings mean less disruption for you as a property owner.
- ✓ If you're based overseas, we'll make regular videos calls to you.
- ✓ Our focus is to add value to your property – plus local property insight and pro-active forward thinking guidance.
- ✓ Our dedicated lettings team have a profound understanding of the Norwich market. We know the right rent for every type of property.

CLOUD-BASED TENANCY SIGN UP, AND MINIMAL CONTACT CHECK-IN

Almost all property work can now be carried out online.

- ✓ Your tenants will be able to apply for properties, supply references and identification documents online, including all necessary verification.
- ✓ Cloud-based tenancy sign-up and minimal contact check-in. Only the lead tenant will need to visit the office to pick the key on the move-in day.
- ✓ On the move-in day, our check-in clerk will walk your tenants through the property virtually.
- ✓ Property virtual tours increase efficiency and lead to quicker lets. They also open up access to more tenants.

MELANIE ESTATES' PROPERTY MANAGEMENT SERVICE

You're an investor.

You work hard to be in the position to buy property in return for rental income.

Shouldn't you be spending your time:

- Sourcing properties?
- Arranging finance?
- Developing and re-fitting your properties?

Leave the time-consuming hassle of dealing with tenants to us!

PROPERTY CAPITAL ALLOWANCES

Student Lets, Holiday Lets, & Serviced Accommodation

Do you own these types of property? Then you can usually claim Property Capital Allowances even if you bought after 2014 and no claim was pursued at the point of the sales contract (i.e. separate rules apply to these classifications of property).

Our partner firm of chartered accountants specialises in this area. They will almost certainly advise that, if you have not had a full PCA survey on your properties, that you are missing out on potentially significant HMRC tax rebates.
